Let no man Falter.

The Republicans are not discouraged because they have not yet gained everything in Pennsylvania. Neither are they to be diverted from the continued support of a patriotic and glorious cause by the insane rejoicings at its disastrous pro-slavery triumph, nor by the foul and false abuse of the venal soldiers of fortune who conducted some of the piratical operations in Kansas, and who, having cowed like whipped spaniels when the people of Maine chastised them in September, are yelping again with insolent front, in view of a partial success of their slaveholding masters abroad. The pro-slavery success in Pennsylvania, if success it be, amounts only (allowing them all they claim) to a *Republican gain* of 6000 votes! and will only tend to an increased activity and stronger exertions by the friends of Freedom in that State. The mere nominal majority now obtained for the slaveocracy can be swept away in November with the utmost ease. The majority in Pennsylvania against the party of freedom, (even allowing everything that is claimed,) is not equivalent to a majority of 1500 voters in Maine. More than six times that number of illegal votes were thrown by the Negro-driving party in the City of Philadelphia alone! At the municipal election in that city in May last, which was lightly contested, the vote was 15,000 less than now! The vote is even *larger than every one thrown in New York!* The Reading Bulletin, in commenting upon it, says that such an increase, so enormous within five months, no one can pretend is legitimate.—There are one hundred and ninety voting districts in the city, and one hundred and fifty-nine of these are in the hands of the Buchanites!

They have done everything, both in the city and the State, which fraud, bribery, and unlimited use of money, and a complete and secret union with the Fillmore men could do to accomplish. They cannot do it now another vote in November, while the Republicans say they can cast thirty thousand at least more for Fremont than for the State ticket. Let no true friend of the cause, then, suffer himself for a moment to be disheartened by the result in Pennsylvania. *The election was the Banker's Hill of this campaign.* If the friends of freedom have been obliged to retire from the contest—it is *only to prepare for Saratoga and Yorktown!* It is "up and at them again!"

Who will contribute anything for the relief of sufferers in Kansas?

We have received the following note from Hon. E. M. Thurston, which we publish with pleasure, and hope that a prompt and liberal response will be given.

For the Whig and Courier.

GENTLEMEN: I expect to start on my return to Kansas, on the fourth of November next. Agents, so forcible, so earnest and so faithful, in behalf of the wretched and downtrodden in Kansas, have been made to frequently to the friends of humanity, that I have not a word to add on that topic. My object in sending you this note is simply this: I have recently received a communication from my business partner in Kansas, giving in detail, an account of the suffering condition of the settlers in my immediate neighborhood. The picture is too gloomy to repeat or reflect upon. I would be glad, therefore, to take along with me some material aid, to relieve the present suffering and cheer the drooping spirits of my neighbors and friends. If any of your readers wish to contribute for the object named, they can deposit their contributions with the Hon. Franklin Muzzy of Bangor, on or before the fourth of November, and I will take charge of the same and see that it is faithfully appropriated to the object for which it was given.

Yours, truly,

E. M. THURSTON.

Charleston, Oct. 20, 1856.

ANDROSCOGGIN AND KENNEBEC RAILROAD.—A special meeting of the members of this corporation was held at Winthrop on Wednesday, for the purpose of taking measures for paying off the floating debt of the company. The indebtedness of the company, according to a report submitted, amounts to $127,281 04. The Directors recommended that bonds be issued to the amount of $360,000 payable in eight years in the stock of the company at 6 per cent. Books were opened, and stock and cash subscriptions to the amount of $231,000 were made by twenty-eight individuals who were present at the meeting.

A HEAVY SUM. It is stated that the amount of business paper maturing at the New York city banks, between the 1st and 25th of the present month, is forty millions of dollars.

THANKS FOR SMALL FAVORS. Continued that they will have no chance to molest after the 4th of November, and having on hand several lots of tar and gunpowder all ripe to take damage, our Buchanite friends contributed yesterday to make a jubilee over Pennsylvania.—They burned the tar and set off the powder, and returned thanks to Providence that they have only lost no more than ten thousand votes in Buchanan's own State, to avoid which alone he was nominated. We said they were thankful to Providence,—but we suspect after all that their thanks were rather given to the ten thousand New Jersey border ruffians and New York Short Boys whose imported votes in Philadelphia saved them from absolutely losing the State election—if so be they have not lost it.

Something of an ominous circumstance for them, happened however, on the occasion.—When the salute commenced, no flags were flying on West Market Square, but the Pennsylvania not to fling of the Fremont Club, bearing the names of "FREMONT AND DAYTON" waved defiantly to the breeze, while a half an hour or more before it Buchanan Block made their appearance.

INCIDENTS OF TRAVEL AND ADVENTURE IN THE FAR WEST; with Col. FREMONT'S Last Expedition Across the Rocky Mountains. Including three months' residence in Utah, and a perilous trip across the Great American Desert to the Pacific. By I. I. Carvalho, Artist to the Expedition. New York: Derby & Jackson, 119 Nassau St. 1857."

This well-printed and handsomely illustrated book records the dangers, toils and sufferings encountered by Col. Fremont and his party in his journey across the Rocky Mountains the winter of 1853—5. The author was not only an eye-witness, but a fellow traveler and companion of Col. Fremont; and his testimony, consisting of his daily journal, at this time, must be regarded as a true illustration of the character of the man. The reader cannot but admire the courage, scientific skill and energy of body and mind which enabled Col. Fremont to sustain the spirits of his men under the most trying circumstances, and finally to extricate them from the most appalling dangers.

Mr. Carvalho gives an interesting account of the state of society in Utah; and concludes with some exhaustive Revelations and Reflections on the Spiritual wife system, Celestial Marriage, "Mormonism," &c., by Joseph Smith, Elders Orson and Parley Pratt, and President Brigham Young.

The book is for sale by E. F. Duren.

GRAHAM'S MAGAZINE.—The number for November comes to hand in good season, and is one of the best yet issued of the long established and sterling monthly. The frontispiece is a gem of art in the way of line engravings; and the fashion plate, and other illustrations are produced in very handsome style. The leading article is highly interesting, illustrating sketch of Dr. Kane's latest Arctic Expedition, drawn from the splendid volumes just published by Messrs. Childs & Peterson.

THE N. O. Picayune states that the Kansas (Slavery) Relief Committee of that city have collected to refund the money to subscribers, as the Green Government has taken in hand the settlement of difficulties and any interference on the part of individuals would be unwise.

SOME SERMON.—At a reception supper to the Providence Light Infantry, in Hartford, on the 16th, the following is reported:

Major N. S. Webb wished to give a sentiment, and wanted all to understand it. He had been a member of the gallant North Regiment that went to Mexico, and at supper he had been publicly insulted by Lawrence M. Keitt, a member of Congress from South Carolina. As he and the members of that regiment had been publicly insulted by this coward, he, in this public manner wished to reply, and he held himself *responsible here* and elsewhere for what he said. He gave as a sentiment—

Lawrence M. Keitt—A skunk, a coward and a liar.

In regard to the disaster which befell a steamer in Connecticut in the Sound, we copy the following account from the New York Evening Post of Saturday:

The steamer Connecticut, Capt. Wm. Wilcox, left this port at about 6 o'clock last evening, for Boston, going up the Sound. A heavy gale set in, and increased to a terrific storm. When about ten miles beyond Huntington's Light, about forty-five miles from this city, she experienced the full fury of the gale. The seas washed off wagon-roof house on deck, and filled the cabins. One of her smoke-pipes was blown over—the great beams which traverse the cabin were snapped in two—the bulwarks were stove in, and in an incredibly short space of time she became almost water-logged.

The greatest consternation prevailed the passengers. Even the officers abandoned all hope of saving the vessel from immediate and complete destruction, and the lives of all on board were in the most imminent peril. Two men were washed off, but were afterwards found and saved. But the brave officers and crew, though utterly despairing of saving the vessel, labored with unbroken energy, throwing a great portion of the cargo overboard, and after the most commendable efforts, they succeeded in closing the entrance to the cabin, and shutting out the seas. She was finally got round, and run back to Huntington's Harbor, where she lay till morning, when she returned to this port almost a complete wreck.

A letter from Widdin, Turkey, date Aug. 25th, says:

We have this morning heard a sound which the people of Bulgaria have not heard for ages, the sound of a bell calling the Christians to church to thank God that the Sultan has been pleased to restore to us our liberty of worship.

Widdin is the first Bulgarian town that has received a bell.

A lady, a disbeliever in the science, asked a learned phrenologist, with a view of puzzling him, "What kind of people are those who have destructiveness and benevolence equally developed?" "Those, ma'am, are those who kill with kindness."

"Punch," in his social statistics, states that there are living in a Cheltenham boarding-house, three maiden ladies, who are known to have resided there for nearly thirty years; yet whose united ages, as privately confessed in a recent conversation, amount to only fifty-six.

When is the rain favorable to hay making? When it rains pitchforks.

The most potent labor-saving machine is a large fortune left by your aunt.

THE CONDITION OF PENNSYLVANIA. In regard to the coming contest in Pennsylvania the New York Times has some views which will raise the return as correct, and as affording strong encouragement for the cause of freedom. The Times in alluding to the formation of a Union electoral ticket says:

Possessed with the mistaken idea that the self-erchers of Mr. Fillmore outnumber those of Fremont in the State, the leaders have agreed with the supporters of the late upon a Union Electoral ticket, the votes of which at all be given to the two candidates who in proportion as they receive sincerity upon the popular vote. By every energy hereto spent in random and incoherent efforts to injure Col. Fremont will rob with the same consequent purpose, to concentrated upon voting him down, and secure the plurality for his opponent; and it is needless to say, the apparent strength of the self-ish interests will vanish before any such *bona fide* warfare.

We look to the contest three weeks hence as freed from all that is obnoxious by-play, that has enveloped the result before it, undoubtedly. The fight will be a straight one, and in such cases the record of Liberty never comes off second best.

The Philadelphia *Inquirer*, in an able editorial published on Friday said:

Take this State from Buchanan, and he has not the ghost of a chance. The recent contest shows that it can be taken from him. It will require no ordinary efforts. *Every Opposition vote must be brought out and polled.* There must be no side issue—no petty jealousies—no miserable rivalries—and no double dealing. *The Opposition to Pennsylvania saves the Presidential Election in their own hands.*

The New York *Mirror* commenting on Pennsylvania, says:

The honest old Quakers will turn out about 75,000 strong when the one question comes fairly and squarely before the people, and throw their weight in favor of Freedom and Fremont.

We commend the following remarks of the *Providence Journal* to the consideration of Republicans:

If we are beaten in Pennsylvania, we are beaten by weapons which must recoil upon those who have employed them. Our defeat in Pennsylvania should be no more discouraging than the defeat of the Democrats in Iowa and Maine discourage them. Fixing our eyes steadily upon our own State, we should steadily persevere in the work necessary to make that certain, and leave our friends in the other States to attend to the work that is before them. If we succeed, we shall preserve the Constitution as it is, and the Union as our Fathers established it; if we fail, we shall have the satisfaction of knowing that it is not through our remissness or faint-heartedness that the country is given over to a sectional party, and its whole policy directed to the perpetuation and extension of slavery.

The changes of politics are nowhere so rapid as in this country, and never before were they so rapid as they are now. And in the triangular contest that is now going on, and the combinations that are constantly forming, no one can predict the future. The defeat of today respects the way for the victory of to-morrow. But of some things even in politics we are certain. We are certain that the platform of the Republican party embodies the truth principles of our institutions; that in standing by it, we are standing by the doctrines of Washington and the fathers of the republic.

DR. ANNE MARIE.—Sir William Johnston, who was superintendent of Indian affairs in America, previous to the revolution, received some suits of clothes from England richly laced, which Hendrick, king of the five nations of Mohawks was present. The chief admired them much, but did not say anything at the time.—In a few days Hendrick called on Sir William, and requainted him that he had a particular dress to wear. On Sir William inquiring what it was, he told him that he had dreamed that he had given him one of those fine suits which he had received from over the great water. Sir William took the hint, and immediately presented him with one of the richest suits. Hendrick, highly pleased with the gracefully, retired. A short time after this, Sir William happening to be in company with Hendrick, told him that he also had a dream. Hendrick, very solicitous to know what it was, Sir William informed him that he had dreamed that he (Hendrick) had made him a present of a particular track of land (the most valuable on the Mohawk river) of about 5,000 acres. Hendrick pleased with the land immediately, with this avowed remark: "Now, Sir William, I will never dream with you again, you dream too fast for me." The tract thus alluded to is called to the present day, *Sir William's Dreaming Lands.*

NATURAL SPRINGS OF A HORSE'S HOOF.—Every one knows the adhesion, power of resisting or sustaining concussion and weight any horse's hoof stamp has. If struck or pressed in the direction of the thread. The hoof of the horse is composed of an infinite number of fibred tubes, strongly agglutinated together, and to enable it with the greatest advantage to meet and support the concussion or three is when it strikes the ground, these fibres are every one of them so placed in the toughest foot as to receive the shock directly on their ends. In addition to this, the front part of the hoof, where the force of concussion is the least, is twice or thrice as thick and strong as the sides and heels, its slope indicating exactly the direction of the descent of the horse's weight.

SINGULAR EFFECT OF A LOCOMOTIVE WHISTLE ON A HORSE.—An intelligent friend in this city, just returned from the State Fair at Watertown, relates the following singular incident which occurred at Evansville, Jefferson county, in his presence. A gentleman with a very fine, high-spirited, four years old horse, had driven down to the station for the purpose, as he said, of accustoming his horse to the locomotive whistle. As the train approached, the engine screamed, of course, as an engine only can scream, and as the very first sound of the whistle, the horse fell down dead in his tracks, the victim of a mortal fright.—*Buffalo Republic.*

MUNICIPAL JUNKETING. The Philadelphia Ledger prints some facts derived from a report recently made to the Common Council of that city, exposing a high system of municipal junketing. There was, it is lately, in the harmony (unthinkingly called the) Prince, Inspectors, consisting of twenty-four persons. From an investigation into their doings, it appears that the expenses of the Inspectors' table alone amount in one year to $6538,03, and principally for cigars, tobacco, brandy, wines, ice cream, ice, shell almonds at omnibus tickets. The cigars are charged for at the rate of $50 and $40 per thousand, and 61,000 in a year, or 1250 per week are consumed. The omnibus bills amounted to $1094 for twenty-four inspectors. One member of the board, who opposed this waste of money, was threatened with expulsion!

MOSES AND BUCHANAN.—Moses said, "Thou shalt not covet anything that is thy neighbor's." Buchanan says, "Cuba has no operation, is so rich and pleasant, and so desirable a possession every way, that we want it, and ought to have it, and must have it; and shall be justified by every law, human and divine, in wresting it from Spain, if we possess the power."—*Boston Atlas.*

THE VARIETIES OF LONDON.—In an article on "The growth of the Map of London," in the last Edinburg Review, it is stated that, "assuming the ratio of increase, in coming years will remain, the same as in the years from 1741 to 1851, it is calculated that the population of London would double to six millions of souls before the end of the present century." The writer continues:

The Metropolis is ready covers eighty thousand acres; it is bewildering to think of its prospective vastness when thus peopled. And some of these acres, in the heart of the Metropolis, are acquiring a money value probably never equalled in any time or country.—Small patches of ground, in the centre of the city have been let on building leases, at rentals which calculated at 30 years' purchase, would amount to a price of £300,000, £2,000,000, and £800,000 per acre; nay in one case the price thus calculated, actually exceeds one million sterling per acre. Gloomy forebodings occupy some minds on the subject of the future of this large Metropolis. History does not record such stupendous revolutions; and having no precedent to carve as its basis, facts are at a loss to conjecture the possible economy of six million of human beings living in one city.

FIN BARNUM'S LUCK.—A party of ambitious anglers, more or thujestatic than experienced, recently took an excursion up the Alleghany, for the purpose of doing immortal damage among the finny tribes. They were away just seventeen hours, and on returning, made a statistical report of their success. The Pittsburg Chronicle furnishes the following account of it:

SOLD, BUT NOT UNDERSTAND.—Two Fillmore men were in conversation on Broadway, last night, and one of them was urging upon the other the necessity of uniting with the Buchanites to "put down the Black Republicans." "They must be treated at all hazards," said he, "and we Americans must do it by working hand with Buchanan." "That will not work," replied the other. "The attempt to bring about a fusion is driving thousands over to Fremont. They are disgusted with your political trading. I can just one of this kind. You want to sell. *I may be sold, but I'm not to be transferred.*"—N. Y. Post.

No plan of prescription and extirpation could be more effectual than Geary's. It is to chase out, at the point of the bayonet, all the Free State men who can be made to run, marshall the remainder and put them under charge of Titus and his Pukas. The whole proceeding has but one precedent and parallel. It is found in Jeffrey's bloody assize, and the rule of Col Kirk through the Western circuit.—N. Y. Courr. & Enq.

DR. J. C. L. BATCHE, of New Orleans, has succeeded in training the larger species of mosquitoes known in New Orleans as "gallinippers," to perform all the objects hitherto only accomplished by the leech or the cupper. A dozen of these insects are equal to six leeches, and placed in the desired spot will at once commence to suck blood in the same way, and with far less trouble than the oldest institution.

THE LOST INDIAN.—At Ballinrobe, in Galway, Ireland, the wife of a farmer named Megrath set her two little children while she went to bring a kettle of hot water to scald the churn she was about to use for making butter. The eldest child mischief forced the baby into the churn, and the mother, unwittingly, scalded it to death. Rendered frantic by the discovery, she threw a stool at the other child, which killed it, and then drowned herself.

DAMAGE AGAINST THE MAINE TELEGRAM CO. An action for damages was brought before the Supreme Judicial Court in session at Belfast, against the Maine Telegraph Co., by Sarah Dickey. The plaintiff was a passenger in a stage-coach which came in contact with the wires at Northport, and was overturned, by means of which she was injured. The Jury returned a verdict for the plaintiff, assessing damages at $1200. Exceptions filed.

In illustration of the delicacy with which investigations relating to the height of the lunar mountains have been carried on, the Germans as reporter Mr. Beer, has distinctly seen a shadow in the moon not larger than three-fourths of a foot in measurement, and which was cast by a body not exceeding 28 feet in height.

A Perfumed Breath.—What lady or gentleman would remain under the curse of a disagreeable breath when by using the "BALM OF A THOUSAND FLOWERS" as a dentifrice would not only render it sweet but leave the teeth white as alabaster? Many persons do not know that their breath is bad, and the subject is so delicate their friends will never mention it. Pour a single drop of the "Balm" on your tooth-brush, and wash the teeth night and morning. A fifty cent bottle will last a year. For sale by D. Hughes & Co., and all Druggists. wKo

Holloway's Ointment and Pills.—Extraordinary cure of a bad Leg, communicated to Professor Holloway by E. Harcourt, Esq., of the Gazette office, Easthampton, Mass. Mr. Daniel Norcross, of Easthampton, took cold in his leg, which settled all ordinary remedies, and instead of improving him he only became worse. At last, he had recourse to Holloway's Ointment and Pills. A few applications of the Ointment to his leg effected a wonderful change for the better, it soon became swollen and highly inflamed, and in a very short time the wound was completely cured. His leg is now quite sound, and he is able to resume his work, although sixty years of age. This astonishing ingredient will cure wounds and ulcers even of 20 years standing.

JOHN CHARLES FREMONT would doubtless have given the world for a bottle of Mrs. M. N. Gardner's Balsam of Liverwort and Spearhead, when he was suffering from a severe cold in the Rocky Mountains, which annoyed him much more than the loss of food, &c. He remarks in his letter, upon page 420 of his journal, recently published.

Who has not felt the annoyance, and who in our climate does not know and feel the importance of preparation for such evils. Go to WARREN & PORTER, General Agents, and buy at 154 Washington street, Boston, the medicine which Fremont wanted, beyond a doubt.

Dr. WM. HAYDEN:—Dear Sir:—Allow me to thank you for the great benefit which I have received from the use of your most valuable Improved Pills, which were first recommended to me by my friend, Mr. Trenholm, who is enthusiastic in their praise. If my hearty recommendation is of any service to you, it is cheerfully given.

Respectfully yours,

TELEGRAPHIC

[BY THIS DAILY, WHIG AND COURIER.

Arrival of the Steamer Black Warrior.

New York, Oct. 21.

The steamer Black Warrior arrived at midnight from Havana, with dates to the 16th.

The expedition in Havana, that a Spanish brig of war has 500 stand of arms on board destined for the use of the Spanish faction against the Dominican Republic, to be taken down in a few days by an officer of the Spanish army, and that the annexation of the West End will be followed soon by the Spanish, as together with the Spanish Main. Everything is preparing for the invasion of Mexico as soon as the expected orders arrive from Madrid. The people of the Island are much excited at the prospect of a ministerial change in the country will produce the removal of Concha, who is generally popular.

Union Convention.

Harrisburg, Pa., Oct. 21.

The Union Convention, to form an anti-Buchanan Electoral Ticket, assembled here this morning. Most of the Delegates in the State are present. An address by Charles Gibbons, in addition to the Republican Executive Committee, in regard to the course of John P. Hale, in regard to the formation of the Electoral Ticket, was read for the information of the meeting. It existed a great deal of excitement. Dispatches received from Philadelphia, announcing the intention of a portion of the Democracy to denounce and repudiate the Cincinnati platform and Buchanan's course. Samuel Todd of Cumberland (Fillmore) was elected as President of the convention. He made an eloquent speech on taking the chair. A Committee was appointed to form a Electoral Ticket, who reported to-day, which was agreed upon by the Committee at Philadelphia. A Committee was appointed to prepare an Address, and authority to sign the names of the Electors of the Convention. The closing remarks of the Convention were very exciting.—Fillmore with the electors for the ticket.

Democratic Meeting.

New York, Oct. 21.

The gathering of the Democracy in the Park this evening was quite large. Daniel S. Dickinson was the principal speaker, denouncing in the strongest terms the Know Nothings and the Republicans. The meeting is continued this evening at Tammany Hall.

The Ohio Election.

Cincinnati, Oct. 21.

The Congressional vote in Ohio shows the return of 8 Democrats and 12 Republicans. The latter include L. D. Campbell's District, as the election of that gentleman is to be contested by Mr. Vallandingham, his opponent, on the ground of illegal voting.

Indiana Election.

Cincinnati, Oct. 21.

Returns from 28 counties in Indiana, partly official, are received. The democrats obtain a majority of 7000 majority, while the returns given this 5630. The democrats elect Congressmen and the republicans probably two, but the returns are still incomplete, and we cannot give the positive results in Congressmen.

Grand Horse Exhibition.

Boston, Oct. 21.

The Grand Horse Exhibition opened to-day with a brilliant display. Over 400 entries are made comprising most valuable stock. This morning Grand Cavalcade upon the track.—Exhibition of different classes of horses this afternoon. Two races for premiums of the society.

The No. 1, for green horses under five years old, premium $100, taken by Lady Ingalton, owned by R. S. Flanders, of Roxbury—second, $50, by Lady Stewart, owned by C. F. L. Brown of Canan, Vt. Third, $25, Young St. Lawrence, Georgetown, Mass.

Class of trotting geldings and mares, mile heats, best in five, to harness: S. M. Laughton's Lady Moscow took the first prize $150; E. Mead's ch. g. Boston, 2d premium $75; A. Turgeon's Telemachus, 3d premium $50. Time 2: 0, 2:41, 2:30 1-4.

The illumination last evening was a total failure, and the torch-light procession ditto; the latter numbering about 30, and boys and all not much if any more than a hundred. Scarcely a place of business was illuminated and the houses enough in any street to present a decent spectacle. Among the offices which exhibited tokens of that precious article of cheap-by-cowl politicians, Dr. Jordan and Abraham Seaborn. City Point, the "Dr.'s Half Acre" and the Bangor Journal office were extensively lit.

Blake Weeks, aged about 40 years, employed as cook on board the brig Vernon, was found in his berth, at Mill Creek with his throat cut. He was brought to this city and it is thought he may recover. He was a man of intemperate habits and had been intoxicated for the past week, which was undoubtedly the cause of the attempt upon his own life.

The New York Tribune gives the following as the classification of the members of Congress in Pennsylvania, Ohio and Indiana:

Pennsylvania—Republicans, 16; Democrats 9.

Ohio—Republicans 7, Democrats 4.

Indiana—Republicans 5; Democrats 6.

The Bangor Journal of yesterday morning announced the arrival in town of Phillip Weaver, Esq., late City Marshal. A salute was fired at noon and in the evening a torch-light procession passed through our streets, and the houses of the principal Democrats and Strangers living in this city were illuminated.

Returns of the recent elections come in very slowly. The telegraph having sold all manner of stories, and got everything into inextricable confusion, does not condescend to forward the official figures, which alone can satisfy inquiry. We have the official returns from sixteen counties in Pennsylvania, and none from the other States. It is believed in Philadelphia that the Anti-Buchanan party have a majority of four or five in the Legislature, and that the Democratic majority in the State is under five thousand. In Indianapolis pretty certain that Judge Willard, the Democratic candidate for Governor, is chosen by a small majority, though some authorities are still doubtful. It is unnecessary to give a list of the result in Ohio, the State is for Freedom by a majority so large that the Pro-slavery vote is only counted as a matter of legal formality.—[N. Y. Tribune.

AMBROTYPES!

Rooms---No. Main Street.

THERE are others here the pleasure of announcing to the citizens of Bangor and vicinity, that they have recently opened a new and splendid suite of Rooms in the city for making Ambrotypes.

The genuine Ambrotype, (among other things that distinguish it from all other pictures,) is taken upon fine plate glass, upon which is placed another glass, the two being united by an indestructible gum, thus securing it from dust, dampness, or liability to damage from any source.—The picture are not reversed, are free from that ungraceful reflection, peculiar to the Daguerreotype, and are the only photographic pictures that do not change.

Those having pictures they wish to preserve, can have them copied by this process.

The public are respectfully invited to examine the picture at our Rooms,

Entrance next door North of No. 1 Main Street.

N. B. The genuine Ambrotype can be obtained only at our Rooms.

Worth Reading.

WHEN, by long study and many experiments, a physician has discovered a new principle in medicine, by which pain may be removed and disease cured, more safely and effectively than before, it immediately becomes his duty so to bring it before the public as to give to all an opportunity to profit by his discovery. For this reason the proprietor of the genuine Allen's Ointment and Pills now offers his preparation to all who are afflicted with Scrofula, Sore Throats, Carbuncles, Fever Sores, Tumors, and other complications, which has a fame that in nearly every case where they have been tried they have effected permanent cures. Every agent can give evidence to persons in his vicinity who have been cured by them.

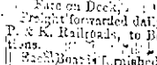
California Steamers,

Carrying the United States Mail.

5th and 20th of each Month.

Greatly Reduced Prices $70 Bs. Baggage Free.

Through Tickets, including transit of the Isthmus, via Panama R. R.



By order of the Postmaster General, the United States Mail Steamers will regularly be despatched from New York direct to Aspinwall, on the 5th and 20th of each month.

Passengers are landed at the Railroad Depot, Aspinwall, and conveyed across to the Pacific Steamers *without any extra expense.* This is the *only* line giving on the Through Tickets, including meals, on the Isthmus.

Transit includes *four hours, entirely by daylight,* thus avoiding the great exposure by night in going to fever and ague, and 200 miles of dangerous lake and river navigation, over rock and shoals.

Arrangements have now been completed so that the regular U. S. Pacific Mail Steamer will leave Panama for San Francisco immediately on arrival of the Atlantic Mails and passengers, thus securing passengers by the Main Line a sure and short passage, without any detention on the Isthmus.

☞ *Tickets must be signed by one of the Company's Agents before they will be recognized by the Agent at Panama,* and Tickets can thereafter be obtained of the *only authorized Agent* for the Atlantic and Pacific Mail Steamship Companies, in this city. C. L. BARTLETT, Agent,

LINCOLN'S WATER PROOF BLACKING,

AND LEATHER PRESERVATIVE.

Keep your feet dry, and you will seldom need a Physician!

IS it not a truth that wet feet often cause sickness, and is it not one of the greatest causes of colds and consumption? It is a truth that when leather is often wet and dried, it soon becomes hard, stiff, and cracks; but when it is water-proof this is remedied. By the application of this preservative, it remains soft, and entirely impervious to water. After being changed for 25 years in the manufacture of Leather in all its branches, and being often troubled with wet feet myself, I was led to experimenting on different compositions, and found it easy to make it water-proof, but at the same time extremely injurious to the leather. At last by a chemical process, I discovered a preparation which perfectly harmonizes with the natural properties with which leather is tanned. It will not only make leather water-proof, but it likewise softens the leather, and it will

Positively wear twice as long.

I have now used it for three years, and a large part of that time have worked in a wet Tannery, with my boots constantly in water, and have not had my feet wet during that time. I can therefore in all confidence recommend it to the public as the best article in the market.

HELMBOLD'S

HIGHLY CONCENTRATED

Compound Fluid Extract Buchu.

A CERTAIN SAFE AND EFFECTUAL REMEDY,

For Diseases of the Bladder, Kidneys, Gravel, Dropsy, Weakness, Secret Diseases, Obstructions, Female Complaints,

and all Diseases of the Sexual Organs, whether in

MALE OR FEMALE

from whatever cause they may have originated, and

No Matter of How Long Standing.

This popular and specific remedy is now offered to the afflicted, and guaranteed to cure all the above complaints. It searches out the very roots of the diseases, driving out all the diseased fluids of the body, thus removing the cause and rendering the cure

Certain and Permanent.

The medicine allays pain and inflammation, which other remedies invariably cause, and can be taken with less trouble and expense to patients. This fluid is the remedy for several thousands upon thousands from the land of

Mercurial Quackery,

and from premature graves. In each of these affections, the Compound Buchu is the only medicine worthy of the least confidence of the afflicted in performing

SAFE CURES.

It contains no narcotic, mercury, or other injurious drug, but is a purely vegetable compound. It is very agreeable to the taste, creates no perceptible odor, and may be taken by persons of either sex without inconvenience from business or medical advice, as plain diet is not required to accompany the medicine. Reader, if you have any of the above complaints, do not neglect them.

Delays are Dangerous.

With this medicine you can cure yourself, and thus prevent all exposure.

Truth must and will prevail.

This medicine is speedily and effectually cures the most virulent forms of secret diseases, and eradicates every particle of infectious matter from the patient in a perfect state of *Health and Purity.*—And as the only one which must benefit everybody, from the simply delicate to the confirmed and despairing invalid, no equal can be found, it acting both as a *Cure and Preventive* of any of the above ailments.

HELMBOLD'S

HIGHLY CONCENTRATED

Compound Fluid Extract Sarsaparilla,

FOR—

Purifying the Blood, expelling all diseases arising from Errors of Mercury, Exposure and Improprieties of Life, thereby preventing Diseases arising from an impure state of the Blood, and the only reliable known and unfailing remedy for the Cure of Ulcerations, Sore Throat and Legs, Pains and Swellings of the Bones, Blotches, Pimples on the Face, and all scaly Eruptions of the Skin.

It is gratifying to the proprietor of these medicines to be able to state that it now nearly three years since they were first introduced, during which time they have been extensively used in various parts of the United States, and have given to patients the most decided and unequivocal satisfaction, and produced in a most salutary and scientific effects. Numerous letters have been received from the most distinguished physicians in the country, and from the professors of several medical colleges, recommending in the highest terms the value of these medicines and their superiority over all other preparations for such complaints as the proprietory recommends. Numerous preparations of Sarsaparilla and Buchu, and various modes of preparing them have been given, all of which of course will differ according to the mode of preparation which each individual may adopt.

These medicines require considerable care in the preparation, and the employment of different constituents in each one in operation, to take up the extractive matters, and, in consequence, are most frequently improperly made, and not unfrequently much injured, if not rendered totally inert, by the injudicious and unskillful manipulations of those unacquainted with pharmaceutical preparations. It is therefore, of the highest consideration and importance to the public, and to the faculty, that there should be standard preparations of uniform strength and possessing the most advantageous. To effect this, and obviate the evil alluded to, have made a number of experiments to ascertain the most efficient mode of extracting the virtues of the Sarsaparilla and the Buchu, and to discover the most eligible form for their exhibition. The experiments have result ed most favorably, and it is with much pleasure I now offer to the public and the faculty my Compound Fluid Extracts, which contain all the virtues of the articles they are represented to be made from in a highly concentrated form, and are the most active preparations which can be made. Two table spoonfuls of the Extract Sarsaparilla added to a pint of water is equal to the Lisbon diet drink, and one bottle fully equals in strength one gallon of Syrup Sarsaparilla or decoction, as usually made.

PRICES—

Fluid Extract Buchu, ... $1 per bottle, or 6 for $5

PROFESSOR WOOD'S

HAIR RESTORATIVE

IS, no doubt, the most wonderful discovery of this age of progress, for it will restore, permanent y, gray hair to its original color, cover the head of the bald with a most luxuriant growth, remove dandruff and itching, cure all scurfy, and other cutaneous eruptions, such as scald head &c. It will cure, as if by magic, nervous or periodical headach; make the hair soft, glossy, and wavy, and preserve the color perfectly, and the hair from falling, to extreme old age.

The following is from a distinguished member of the medical profession:

Natchez, Miss., May 21, 1855.

Professor O. J. Wood—Dear sir: I prescribed, according to your directions, your Hair Restorative, in the case of my wife, after being nearly bald for a long time, and having tried all the fashionable nostrums, and having to date in vain, I was induced, on hearing of yours, to give it a trial. I placed myself in the hands of a barber, and in two days had a fine stubble, with a good start, and the Restorative then applied, and we rubbed in, till the scalp was pretty sore. I repeated every morning, and in three weeks the young hair appeared and grew rapidly from August to until the present time, and is now of a fine black, and strong—not sandy, scant as it was of a red color, before it was harsh, and wiry, while the new hair is soft, and of the color it was originally, very handsome. I will use your restorative about twice a week, and shall soon have a full and perfect crop of hair. Now I do to the letter of your directions—and who knows but I may have to write you again, to inform you of my success in raising hair on my head? Such is my experience. Many others similarly afflicted, I am sure, would find it equally successful. One of my fellow-citizens, who was entirely bald, has used your preparation for about two weeks, and informs me that a fine crop of hair has already started on his head. Should you desire it, you can refer to me, and I will cheerfully give you my opinion of your Restorative.

Yours, truly,

J. W. BOND,

Firm of Jones & Kelley, Druggists, St. Paul.

[From the Editor of the Real Estate Advertiser.]

Akron, 27 School street, March 20, 1855.

Dear Sir: Having occasion, recently, quite gray, was induced, a few weeks since, to make a trial of your Restorative. I have used less than two bottles, but the gray hair has entirely disappeared, and although my hair is not fully restored to its natural color, yet the process of change is gradually going on, and I am confident that in a short time my hair will be as dark as formerly. I have also been much benefited in the healthy appearance and vigor of the hair, which before was harsh and dry, and it has ceased to come out as formerly.

Respectfully yours,

D. C. McCALL RUPP.

Professor Wood.

Carlisle, Illinois, June 20, 1855.

I have used Professor Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of the Restorative, I am restored to its original color, and I have no doubt, permanently so.

THE GREATEST MEDICAL DISCOVERY Of the Age.

Dr. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds, a remedy that cures

EVERY KIND OF HUMOR

From the worst Scrofula down to a common Pimple.

He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its virtues, all within twenty miles of Boston.

Two bottles are warranted to cure a running sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will clear the system of boils.

Two bottles are warranted to cure the worst cankers in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of Erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure the most corrupt and running ulcers.

One bottle will cure any eruption of the skin.

Two to three bottles are warranted to cure the worst cases of ringworm.

Two to three bottles are warranted to cure the most desperate cases of rheumatism.

Two to four bottles are warranted to cure the salt rheum.

Five to eight bottles will cure the worst cases of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it but what said another; after a trial it always speaks for itself. There are two things about this herb that appear to me surprising; first, that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1840—second, that it should cure all kinds of humor.

In order to give some idea of the sudden rich and great popularity of the discovery, I will state that in April, 1853, I peddled it, and sold about six bottles per day—in Apr., 1854, I sold over one thousand bottles per day of a

Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors, but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady—there are but few whose sorrows more of it than I have.

I know of several cases of Dropsy, all of them aged people, cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in Diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.

No change of diet ever necessary—eat the best you can get, and enough of it.

DIRECTIONS FOR USE.—Adults one table spoonful per day—Children over ten years dessert spoonful—Children from five to eight years, tea spoonful. Above directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

The Principal Office for the State of Maine and the British Provinces is at the Drug and Medicine Rooms (up stairs) of H. H. HAY, 16 & 17, *Market Square, Portland, Maine*, to whom all orders should be addressed. Sold by respectable Druggists throughout the United States and British Provinces.

PRICE $1.00.

Invalids, Fathers, Mothers, Physicians, Philanthropists, read their Effects and Judge of Their Virtues.

FOR THE CURE OF

Headache, Sick Headache, Foul Stomach, Bilious Disorders and Liver Complaint,

Dysentery, Rheumatism and Worms,

Dose, Price, and Directions.

Dr. AYER: Sir—I have used your Pills in my practice and in my family for years, and can say they are the best cathartic we have. They do better service on the liver than any other medicine we can use. Indeed, I consider them almost infallible for the cure of bilious complaints, when taken in proper doses. Yours, truly, JOHN GRIFFIN, M.D.

Dover Office, Hartland, Me., Feb. 1, 1855.

Dr. AYER: Sir—I have used your Pills in my practice, and in my family, for several years. They have done for me all you recommend them to do. Such is my confidence in their virtues, that I shall keep them constantly by me, and shall not be willing to be without them. You deserve the confidence of the people, and you have it. You deserve credit for your discovery, and I, for one, return you my thanks for the benefit it has done me, for I certainly had despaired long ago of ever obtaining any medicinal relief.

Yours, respectfully,

J. W. BOND.

Indigestion and Impurity of the Blood.

Dr. AYER: I have used your Pills in my practice, and in my family, for several years, and have found them to be all you represent them. They have done wonders in the cure of many obstinate diseases of the Liver, Stomach, and Bowels, and for purifying the blood. They are the best cathartic we know of, and we can confidently recommend them to our friends.

Yours, WARREN, Wis. M. CUMMINGS.

Dear Sir: I have long been afflicted with Dyspepsia, and found no relief from any remedy, until I commenced using your Pills. They have relieved me of this distressing complaint, and restored me to perfect health. I have also used them in my family, and have found them the best cathartic we have ever known. Yours, truly, C. H. CHAMBERLAIN, M.D.

Dear Sir: I have long been afflicted with Liver Complaint, and Dyspepsia, and have tried many remedies in vain, until I was induced to try your Pills. They have cured me entirely. Yours, truly, JOHN M. STARR.

Erysipelas, Scrofula, Ulcers, Tumors, and Salt Rheum.

Dr. AYER: Your Pills are the best cathartic we have ever used in our practice, and are doing a great deal of good in the cure of the various diseases of the blood in this community. Yours, truly, WM. H. WHITE.

Rheumatism, Neuralgia, and Gout.

Dr. AYER: Your Pills are the best cathartic we have ever used in our practice, and are doing a great deal of good in the cure of the various diseases of the blood in this community. Yours, truly, WM. H. WHITE.

For Dropsy, Plethora, or Kindred Complaints, resulting from Inactivity of the Liver, these Pills have been found a most valuable remedy.

For Costiveness or Constipation, and as a Dinner Pill, they are agreeable and effectual.

Fits, Suppression, Paralysis, Inflammation, and even Deafness and Partial Blindness, have been cured by this remedy.

Rheumatism, Neuralgia, and Gout.

When the Liver, or Stomach, or Bowels are affected, as they often are, by a few doses of these Pills, they will be found to restore them to healthy action, and thus remove the cause of disease. Hence, when they are taken for any of the diseases they are known to cure, a perfect cure may be confidently expected.

Professor Humphrey's SPECIFIC Homœopathic Medicines,

FOR

Families, Travellers and others.

THESE Medicines have been carefully prepared, with a view of meeting the wants of others with *Specific Remedies* for the most common diseases which are to be met with in every day life. The list includes not only the most common diseases, such as Colds, Headaches, Derangements of the Stomach, Fever, Worms, Complaints, &c., &c., but also for those more simple and violent forms of disease which require to be met by some prompt remedy, such as, Cramp, Colera, Dysentery, Inflammation, &c., for which it is very important always to have the remedy at hand. There is also remedies for those more delicate female derangements which a lady feels if no difficult to disclose, and for a freedom from which constitutes a perfect state of health, hence a full enjoyment of life.

These Medicines are put up in the form of Pellets, and are contained in a large Sugar Pellet, one of which is sufficient for the largest dose, and the vial up to 16 pellets, and labelled. Each box contains from 10 to 16 vials, for the different kinds of sickness enclosed in a case, accompanied with a plain Manual of Book of Directions, giving a concise description of the diseases treated, and directions for giving the medicines, diet, &c., necessary for a cure. Also, containing four or six pellets, to be put up, which may be supplied with any of the different kinds at the option of the purchaser.

The advantages of Specific Homœopathic Medicines.—In prescribing other Homœopathic Medicines a dozen or twenty will be recommended for a cough, a headache, diarrhœa or every sickness or care, study, and discrimination is required to select the proper one. But here you have a specific Remedy for each particular disease, and however unable to use them with benefit and precision without a regular physician, you will find them so fully able to do so, and by which the learned may search, and examination, which to the mother, nurse, or invalid, is so perplexing, annoying, and unsatisfactory. These Medicines are recommended to commend them to all.

Prepared by Dr. F. HUMPHREY, Auburn, N.Y., and sold by C. H. WALKER, Agent for Maine, at 34 Main street.
